## **The American Tapestry Alliance International Student Award**

The American Tapestry Alliance (ATA) was founded with the mission of supporting the development and increasing the awareness of hand woven tapestry. To this end, ATA has created the American Tapestry Alliance International Student Award to encourage study in the field.

### **The Award**

The ATA Student Award will be presented annually to a student enrolled in a college fiber program. The fiber program may be located in any country. The award will consist of \$250. In addition, the winner's work will be featured in the ATA quarterly newsletter, *Tapestry Topics*. All applicants will receive a one year student membership in the American Tapestry Alliance.

### **Award Criteria**

A panel of three judges drawn from the American Tapestry Alliance Board of Directors will judge the submissions on the basis of the following criteria: excellence in tapestry technique, an awareness of the textile 'language,' and creativity in imagery. For the purposes of this award, tapestry is defined as hand woven, weft faced fabric using discontinuous wefts.

### **The Submission**

Applicants must submit:

- A CD containing images of three to five tapestries, with one overall image and one detail for each tapestry. Images should be 300 dpi jpegs, 1920 pixels in the longest dimension.
- A 100-250 word artist's statement discussing the submitted tapestries.
- A short personal biography including name, contact information and how you came to discover tapestry.
- A photocopy of your current student ID.
- The deadline for submissions will be 15 April of each calendar year. The winner will be notified in early May. The American Tapestry Alliance reserves the right to withhold the award in any given year.

### **Mail your submission to:**
